

Foster Contract

THIS IS AN OFFICIAL CONTRACT BETWEEN
FOOTHILLS ANIMAL SUPPORT SOCIETY AND

Name: _____

Phone: _____ Email: _____

Address: _____

By signing my name to this contract, I hereby agree to provide shelter and humane care for any animal owned by Foothills Animal Support Society. I agree to attend all vet appointments as scheduled, meet with and coordinate with potential adopters and attend adoption events. I understand that it is my responsibility to provide humane care for this animal and to continue in appropriate training and socialization to ensure the highest likelihood of adoption. When attending veterinary appointments, please advise the clinic that this is a Foothills Animal Support Society animal. Any questions on the services as described should be addressed to a representative of Foothills Animal Support Society. This contract is for use with all foster animals, and a new contract does not need to be signed for each animal you foster. I understand that at any point, a representative of Foothills Animal Support Society may require the animal to be returned forthwith to any person designated by that representative and that I must immediately abide by that direction given to the best of my ability. I understand that any injury or illness that happens to an animal I am fostering as a result of negligence on my part will result in all medical bills being paid immediately by me relating to said injury or illness. This contract serves in place for any animal being cared for by the foster on behalf of Foothills Animal Support Society. I further understand that I am assuming all risk and liability when it comes to fostering any dog up to and including injury by any fostered dog to my person or any other person, animal or object. I agree that I will not hold Foothills Animal Support Society accountable for any injury sustained by any foster animal in my care.

*** If for any reason this animal can no longer be in my home, I agree to return to Foothills Animal Support Society for them to assume responsibility of the animal's care.**

I hereby agree to all the conditions of care and treatment as described above and understand they have been designed to ensure the safety and wellbeing of the animal, other household pets and the adopting person or family. Failure to abide by these conditions will result in termination of this Contract and the surrender of the animal to Foothills Animal Support Society.
